PLAN REVIEW APPLICATION FOR PUSH CART

A Pushcart is a mobile piece of equipment or vehicle that prepares, handles, or serves hotdogs. Pushcarts must comply with *NC Rules Governing the Food Protection and Sanitation of Food Establishments 15A NCAC 18A.2600 Section .2670 General Requirements for Pushcarts and Mobile Food Units and .2671 Specific Requirements for Pushcarts*. Pushcarts must operate in conjunction with a commissary (permitted restaurant).

A plan review with required support documentation is required for Pushcarts and their accompanying commissary to ensure compliance with state rules and regulations. Once all required documentation, including the application and commissary information, have been reviewed and approved an operations permit may be issued. Completion of this application indicates that the applicant understands and intends to comply with the provisions of all related sanitation laws, rules, and regulations. It is understood that:

- Any permit issued may be suspended or revoked by the Onslow County Environmental Health for failure to comply with the requirements of the regulations.
- Prior to initiating operation, the operator must notify the Onslow County Environmental Health, in writing of all sites and times the Pushcart will operate. Notify Onslow County Environmental Health, in writing, of route changes as they occur.
- The Pushcart must report to the approved commissary daily for supplies and servicing.
- Supplies for the Pushcart cannot be stored at a private residence
- No food can be prepared at home or in any other non-permitted kitchen.
- Equipment must be washed and sanitized using the facilities of the commissary
- In the event the agreement for the commissary usage is terminated, the Pushcart must immediately cease operations until the Pushcart operator secures the services of an approved commissary. A new Commissary Verification Form must be submitted to the Onslow County Health Department for approval
- Potentially hazardous foods (those that can grow bacteria) must be held at the proper temperatures. A stem thermometer (registers from 0 to 220 degrees Fahrenheit) is required to measure temperatures.
- Only single-service (throw away plates, forks, etc.) items can be used.
- Pushcarts must meet ANSI/NSF standards.
- Food and utensils on a Pushcart exposed to the public, to dust, or insects must be protected by glass, or otherwise on the front, top and ends and exposed only as much as may be necessary to permit the handling and serving of hot dogs. In addition to the lid covering the food containers, there must be additional covering of the food areas to protect the food and utensils. Umbrellas and canopies do not meet this requirement.
- Pushcarts cannot be used for customer self-service and cannot provide seating facilities.
- Pushcarts must be stored in an area that protects the unit from dirt, debris, vermin; and other contamination.
- In the event the agreement for the commissary usage is terminated, the Pushcart must immediately cease operations. The Pushcart may resume operations only after another commissary, approved by Onslow County Environmental Health, has been located and another Commissary Verification Form and Affidavit of Property use has been submitted to Onslow County Environmental Health.

STATEMENT: I hereby certify that the information provided within this application is accurate and I fully understand that any deviation from this application without prior written permission from Onslow County Environmental Health will prevent issuance of an operational permit for the Pushcart. I understand that this application will be returned to me if incomplete and will delay processing. I also understand that multiple inspections of the Pushcart and commissary may be required and that if the Pushcart and/or commissary are not in compliance with *NC Rules Governing the Food Protection and Sanitation of Food Establishments 15A NCAC 18A.2600*, an operational permit will not be issued. Approval of these plans and specifications by Onslow County Environmental Health does not indicate compliance with any other federal, state, or local code, law, or regulation that may be required; and does not cover any aspects of construction regulated by other jurisdictions.

In the event the agreement for the commissary usage is terminated, the Pushcart must immediately cease operations. The Pushcart may resume operations only after another commissary, approved by Onslow County Environmental Health, has been located and another Commissary Verification Form and Affidavit of Property use has been submitted to Onslow County Environmental Health.

15A NCAC 18A .2670 GENERAL REQUIREMENTS FOR PUSHCARTS AND MOBILE FOOD UNITS

- (a) A permit shall be issued by the regulatory authority that inspects the commissary from which a Pushcart or mobile food unit is to operate, if the regulatory authority determines that the Pushcart or mobile food unit complies with the rules of this Section. The permit shall be maintained on the Pushcart or mobile food unit and made available to the regulatory authority upon request.
- (b) The regulatory authority that issues the permit shall be provided by the permit holder a list of counties and locations where each Pushcart or mobile food unit will operate.
- (c) Prior to initiating food service operations in a particular county, the Pushcart or mobile food unit permit holder shall provide the regulatory authority in each county in which food service operations are proposed a list of locations where they will operate. Such lists must be kept current.
- (d) Pushcarts or mobile food units shall operate in conjunction with a permitted commissary and shall report at least daily to the commissary for supplies, cleaning, and servicing. Facilities, in compliance with this Section, shall be provided at the commissary for storage of all supplies. The Pushcart shall also be stored in an area that protects it from dirt, debris, vermin, and other contamination. Water faucets used to supply water for Pushcarts or mobile food units shall be protected to prevent contact with chemicals, splash, and other sources of contamination. Solid waste storage and liquid waste disposal facilities must also be provided on the commissary premises.
- (e) All food shall be obtained from sources that comply with Chapter 3 of the Food Code as amended by Rule .2653 of this Section.
- (f) All potentially hazardous food (time/temperature control for safety food) shall be maintained at temperatures as required in Chapter 3 of the Food Code as amended by Rule .2653. A metal stem-type thermometer accurate to 1°C

(2°F) shall be available to check food temperatures.

(g) Single service articles shall be used for serving customers. Single-service articles shall be purchased in sanitary containers, shall be stored therein in a clean, dry place until used, and shall be handled in a manner to prevent contamination.

(h) All garbage and other solid waste shall be stored and disposed in an approved manner.

(i) Employees shall wear effective hair restraints, clean outer clothing, and maintain good hygienic practices as specified in Part 2-4 of the Food Code as amended by Rule .2652 of this Section.

- (j) Employees shall comply with the requirements in Subpart 2-201 of the Food Code as amended by Rule 2652 of this Section.
- (k) Equipment and utensils shall meet the requirements in Parts 4-1 and 4-2 of the Food Code as amended by Rule .2654 of this Section.
- (l) The Pushcart or mobile food unit shall be kept clean and free of flies, roaches, rodents, and other vermin.

15A NCAC 18A .2671 SPECIFIC REQUIREMENTS FOR PUSHCARTS

- (a) Only hot dogs shall be prepared, handled, or served from a Pushcart; however, food which has been prepared, pre-portioned, and individually pre-wrapped at a food establishment or commissary may be served from a Pushcart.
- (b) Food and utensils on the Pushcart exposed to the public or to dust or insects shall be protected by glass, or otherwise, on the front, top, and ends, and exposed only as much as may be necessary to permit the handling and serving of food.
- (c) Toilet facilities, handwashing sinks, and running water are not required. Single-service towels are required.
- (d) All pre-wrapped potentially hazardous food (time/temperature control for safety food) shall be maintained at temperatures as required in Chapter 3 of the Food Code as amended by Rule .2653 of this Section or as labeled on the food item. Each pre-wrapped food item shall contain the name of the food establishment at which it was prepared, the name of the food item, and the time and date of expiration. The wrapper shall enclose the food at all times but sealing is not required.
- (e) Pre-portioned, individually pre-wrapped food that remains after the specified time period has elapsed shall not be sold for human consumption.
- (f) Pushcarts shall not be provided with seating facilities.
- (g) Pushcarts shall not be used for consumer self-service
